

# Prepare for your future

Hello <FirstName>,

## The future is yours to make

Digital transformation is happening in factories around the world. As more and more manufacturers adopt digital technologies, there'll be even greater demand for people with specialist digital skills. That's why we've designed a series of workshops to help you prepare for your future of making.

Sign up for an Autodesk® Fusion 360™ workshop to transform your 3D design skills. You'll learn how to design, model, and fabricate your product ideas with the next-generation 3D platform for product development. These are skills you'll need in the future.

The workshop is hands-on, practical, and fun.

## Be curious. What's Fusion 360?

Fusion 360 3D CAD/CAM software combines industrial and mechanical design, simulation, collaboration, and machining in a single cloud-based tool. Global industry leaders and design professionals prefer Fusion 360, so adding it to your skill set will help you stand out from the crowd.

# Show up and learn

Hello <FirstName>,

**I’m looking forward to seeing you at the Autodesk® Fusion 360™ workshop. It’s happening soon.**

The workshop will combine theory with real-life projects, and we’re going to use Fusion 360 to explore workflows and 3D design skills. The content is designed to give you practical skills you’ll need in your career.

Here are the calendar details – and information on what you need to do to prepare.

## When:

note to ALP, add relevant details here

**In advance:** You need to set up your Autodesk student account ahead of the workshop and download Autodesk Fusion 360 to explore workflows and 3D design skills. This video will show you how to create an account. You can register for a student account and download Fusion 360 on the Autodesk Education Community website. This will give you access to a 12-month version of Fusion 360.

**We look forward to helping you prepare for a future of making!**

See you soon.

# Learn by making

Hello <FirstName>,

**Thank you for attending the Autodesk® Fusion 360™ workshop. I hope you enjoyed it.**

Thank you for attending the Autodesk® Fusion 360™ workshop. I hope you enjoyed it!

It was great to work with you all on real-life challenges, and to explore what Fusion 360 has to offer.

Please don't forget to give us feedback about the course – we'd love to hear what you thought about me, the content, and the session overall. You've already received a link to log in to the Autodesk Training Evaluation System. Please fill in the survey, and you'll receive your Autodesk Course Completion certificate.

I hope this session was the start of your learning journey with Autodesk and Fusion 360 software. There are many great resources available on the Autodesk [website](#) designed to help you to get the most out of Fusion 360 – and as a student, they're free to you!

If you have questions about Fusion 360 or Autodesk, or you'd like to continue your learning journey, please send me an email.

Best wishes,

<Name>
